

A group of about 15 students and one professor are gathered in a modern, brightly lit classroom or meeting room. The students are seated at long white tables, some with laptops open. They are all looking towards the camera with smiles. One student in the center is waving. A professor, a man with glasses and a blue shirt, is standing behind the students, also smiling. The room has large windows on the left, a clock on the wall, and a blue cushioned ottoman in the foreground. The overall atmosphere is energetic and collaborative.

*about 15 eager
students*

*An

Problem Discovery

People seemed to be in the lab in their allocated shifts to meet and co-ordinate work.

Yet....

3 weeks in we realized, meetings proceeded very slowly and we weren't able to get much done during them.
